

General Counsel's Complaint against Local 1329 is devoid of factual or legal support. No material issue of fact exists and General Counsel's claim that Local 1329 violated Sections 8(a)(3),

8(b)(1)(A) and 8(b)(2) of the National Labor Relations Act ("Act") is barred by Section 10(b) of the Act. In addition, no material issue of fact exists regarding the substantive allegations that Local 1329 violated Sections 8(a)(3), 8(b)(1)(A) and 8(b)(2) of the Act where the undisputed facts demonstrate that Local 1329 did not interfere with the Section 7 rights of any employee, and did not attempt or cause an employer to discriminate in regard to any employee's labor organization membership. In fact, Local 1329 encouraged Millwrights to work under the Millwright Shop Agreement and the Laborers to work under the Local 1329 Shop Agreement. The Millwrights in the Shop have been satisfied with this arrangement. UKS has been satisfied. The undisputed facts will show that UKS and Local 1329 are parties to valid Section 9(a) Field and Shop Agreements.

This Motion is supported by Local 1329's Brief, Proposed Findings of Fact, the Declaration of Joseph L. Gallino (**Exhibit 1**), Local 1329's Field Agreement (**Exhibit 2**), Local 1329's Shop Agreement (**Exhibit 3**), the Millwrights' Field Agreement (**Exhibit 4**) and the Millwrights' Shop Agreement (**Exhibit 5**).

The Regional Director has filed Complaint No. 30-CB-05352 alleging that Construction and General Laborers' Union, Local 1329 ("Local 1329") has engaged in unfair labor practices prohibited by the National Labor Relations Act, 29 U.S.C. §151, et seq. ("Act") Specifically, the Regional Director alleges that Local 1329 restrained and coerced employees in the exercise of the rights guaranteed by Section 7 of the Act and that Local 1329 attempted to cause and caused United Kiser Services, LLC ("UKS") to discriminate against its employees. The Complaint claims that this conduct violated Sections 8(a)(3), 8(b)(1)(A) and 8(b)(2) of the Act. Local 1329 has answered the Complaint and filed Affirmative Defenses. Local 1329 now moves the Board for Summary Judgment on the Complaint.

The facts involved here present an unfortunate situation. The UKS Shop has operated since March 1, 2007 with Millwrights and Laborers working in a cooperative and harmonious setting performing distinctly different types of work. The Millwrights perform Hydro Electric work and Laborers perform general Marine work. (**Gallino Dec., Exhibit 1, p. 3, ¶¶ 26-27**) The members of both unions have worked side-by-side for this two year period without complaint. No Millwright in the UKS Shop has complained to anyone about the situation. All employees are satisfied with the division of work. Despite this, General Counsel wants to change the situation, regardless of the ultimate impact on UKS employees. General Counsel has claimed collusion between UKS and Construction and General Laborers' Union, Local 1329 ("Local 1329") where none exists. General Counsel has ignored the fact that the conduct criticized here occurred in a small shop setting more than eighteen (18) months before a charge was filed. General Counsel has ignored the fact that only the Laborers have demonstrated majority status in the UKS Shop, and the Laborers did so only because the legal and appropriate status quo was threatened.

General Counsel's Complaint against Local 1329 is devoid of factual or legal support. It is for this reason that Local 1329 moves the Board to enter Summary Judgment in favor of Local 1329 on the Complaint filed in Case No. 30-CB-05352. No material issue of fact exists and General Counsel's claim that Local 1329 violated Sections 8(a)(3), 8(b)(1)(A) and 8(b)(2) of the National Labor Relations Act ("Act") is barred by Section 10(b) of the Act. In addition, no material issue of fact exists regarding the substantive allegations that Local 1329 violated Sections 8(a)(3), 8(b)(1)(A) and 8(b)(2) of the Act where the undisputed facts demonstrate that Local 1329 did not interfere with the Section 7 rights of any employee, and did not attempt or cause an employer to discriminate in regard to any employee's labor organization membership. In fact, Local 1329 encouraged Millwrights to work under the Millwright Shop Agreement and the Laborers to work under the

Local 1329 Shop Agreement. The Millwrights in the Shop have been satisfied with this arrangement. UKS has been satisfied.

But, General Counsel is not satisfied. Local 1329 finally contends that summary judgment is appropriate because UKS and Local 1329 are parties to a Section 9(a) collective bargaining agreement for the UKS Shop which was effective on March 1, 2007.

### SUMMARY JUDGMENT STANDARD

Summary Judgment is appropriate pursuant to the standard set forth in Fed. R.Civ.P. 56(c) if “there is no genuine issue as to any material fact and the moving party is entitled to judgment as a matter of law.” Anderson v. Liberty Lobby, Inc., 477 U.S. 242, 250, 106 S.Ct. 2505, 91 L.Ed 2d 202 (1986) All facts and reasonable inferences to be drawn from the facts will be construed in a light most favorable to the non-movant. International Union of Operating Engineers v. Associated General Contractors, 845 F.2d 704, 705 (7<sup>th</sup> Cir. 1988).

If the movant meets its initial burden of identifying a basis for summary judgment, the non-moving party then bears the burden of identifying specific facts which show that a material issue of fact exists. Celotex Corp. v. Catrett, 477 U.S. 317, 323, 106 S.Ct. 2548, 91 L.Ed 2d 265 (1986).

### STATEMENT OF FACTS

UKS and its predecessors have operated for many years using different business models. The companies always employed persons affiliated with various trades, including Millwrights and Laborers. These trades worked in the field, repairing hydroelectric equipment (sometimes “Hydro Work”). (Gallino Dec., Exhibit 1, p. 2, ¶ 16)

Relevant events here began in 2006. At that time, after some changes in ownership, structure and business direction, a former business model was re-established and UKS began to prosper by performing composite crew Hydro Work.

The Hydro Work included increasingly greater amounts of work in the UKS Shop. However, this was not the first work performed in the Shop pursuant to a collective bargaining agreement. Going back at least to 1995, Laborers and others periodically worked in the Shop under the terms of the current Laborers' Field Agreement. This practice included the work of persons doing all non-millwright work. (**Gallino Dec., Exhibit 1, p. 2, ¶¶ 8-11**) Apparently some of the UKS Millwrights wanted to work primarily in the UKS Shop, rather than in the field. The Shop has always been located in Norway, Michigan, in Dickinson County.

With full-time shop work available for Millwrights as part of the expanding UKS Hydro Work, UKS and the Millwrights' agent met in 2006 and signed a Shop Agreement. (**Exhibit 5**) It appears that this agreement was signed based on informal discussions. For example, the Millwrights made no showing of majority status in the Shop at that time and have not done so since. The geographic jurisdiction of the Millwrights Shop Agreement, as well as the Field Agreement, does not cover Norway, Michigan. Rather, the Agreements covered certain areas of Wisconsin and a portion of Florence and Marinette Counties in Michigan. (**Exhibit 4, p. 36**) The Millwrights' Shop Agreement does not mention Norway or Dickinson County, Michigan.

In late 2006 and early 2007, things changed significantly at the UKS Shop. The company secured a new and different type of work: production welding and related production services on marine equipment ("Marine Work"). This work has grown, and now includes grinding, sandblasting and painting. This is not and has never been Millwrights' work. The Millwrights in the UKS Shop have never asked to do the work or otherwise shown any interest in the work.

As the Marine Work grew, Joe Gallino, Field Representative for Local 1329, asked UKS to consider a Shop Agreement for the work. Mr. Gallino made it clear that he did not wish to interfere with the work performed by the Millwrights. Rather he wanted only to secure the Marine Work. (**Gallino Dec., Exhibit 1, ¶¶ 26-27**) UKS took the position that it would talk with Local 1329

about a Shop Agreement only if its employees were interested. It turned out that the employees who were performing Marine Work were interested.

In early 2007, UKS entered into a Shop Agreement with Local 1329 for Marine Work. **(Exhibit 3)** Neither UKS nor Local 1329 ever sought to interfere with the Millwrights' Hydro Work and they never did so. The Local 1329 Shop Agreement was signed because the UKS employees who performed Marine Work, not Hydro Work, wanted to be represented by Local 1329. The Local 1329 Field Agreement and the UKS Shop Agreement specifically cover the geographic jurisdiction that includes Dickinson County; and, therefore, Norway, Michigan.

Local 1329 heard no complaint about the status of operations in the UKS Shop. Joe Gallino visited the Shop on a regular basis and met the Millwrights who worked there.

Sometime in 2008, a Millwright agent voiced concern about the fact that Laborers were working in the UKS Shop. This concern came some seventeen (17) or eighteen (18) months after members of Local 1329 began doing the Marine Work. During this time, all of the Millwrights in the UKS Shop knew of the division of labor between Hydro and Marine Work. **(Gallino Dec., Exhibit 1, p. 4, ¶ 40)** During the interim period, a Millwright Steward was assigned to the Shop, and he voiced no concern or complaint about the assignment and performance of the Marine Work. Joe Gallino met the Steward on a number of occasions. **(Gallino Dec., Exhibit 1, p. 4, ¶35)**

A related case began when the Millwrights filed a charge against UKS on August 22, 2008. The present charge was filed on October 27, 2008.

On November 10, 2008, Local 1329 provided UKS with signed authorization cards from eight (8) of the nine (9) Laborers working in the Shop. These employees perform Marine Work. The remaining four (4) employees are Millwrights who perform Hydro Work.

Local 1329 has submitted Proposed Findings of Fact with this motion and incorporates those facts by reference. Local 1329 further incorporates by reference the Declaration of Joseph L.

Gallino and the other four (4) exhibits, consisting of both Field and Shop Agreements for the Millwrights and Laborers.

## ARGUMENT

### **The Complaint is Time Barred Because the Charging Party Had Both Actual and Constructive Knowledge That United Kiser Signed a Shop Agreement with Local 1329 More than Six Months Before the Present Charge was Filed on October 27, 2008.**

The key dates for the purpose of this argument are March 1, 2007 and October 27, 2008. On March 1, 2007, on that date, after UKS expanded its business to include Marine Work, UKS signed a Shop Agreement with Local 1329. (Gallino Dec., Exhibit 1, p. 4, ¶ 37) (See also Exhibit 3) The Shop Agreement covers the Marine Work performed in the UKS Shop in Norway, Michigan. The Shop Agreement covers the precise work which is at the heart of this dispute. If an unfair labor practice occurred, as General Counsel alleges, it was completed on March 1, 2007. That is the trigger date for analysis of Local 1329's 10(b) argument.

It is undisputed that the ULP charge that became the present Complaint was not filed until the second key date: October 27, 2008, more than eighteen (18) months later. Summary Judgment is appropriate here because the undisputed facts show that the Complaint is time barred by Section 10(b) of the Act. The actions complained about occurred at least eighteen (18) months before the Charge, and the Charging Party had actual and/or constructive knowledge of the relevant events since at least March of 2007, when UKS signed the Shop Agreement with Local 1329.

The relevant portion of Section 10(b) of the Act provides that “no complaint shall issue based upon any unfair labor practice occurring more than six (6) months prior to the filing of the charge with the Board and the service of a copy thereof upon the person against whom such charge is made.” The Section 10(b) period begins to run when the charging party receives actual or constructive notice of the conduct that constitutes the alleged unfair labor practice. The Courier-Journal, 342 NLRB 1093, 1103 (2004). (Citing Concourse Nursing Home, 328 NLRB 692, 694

(1999).) “The concept of constructive knowledge incorporates the notion of ‘due diligence,’ i.e., a party is on notice not only of facts actually known to it, but also facts that with ‘reasonable diligence’ it would necessarily have discovered.” The Courier-Journal, Id., quoting Nursing Center at Vineland, 318 NLRB 337, 339 (1995). See also: Mine Workers District 12, 315 NLRB 1052 (1994). The party that asserts a 10(b) defense has the burden of showing actual or constructive notice. Leach Corp., 312 NLRB 990, 991 (1993)(enfd 54 F.3d 802 (1995); Carrier Corp., 319 NLRB 184, 190 (1995).

Here, the Complaint focuses on the fact that the Local 1329 Shop Agreement was signed on March 1, 2007. The complaint alleges that Local 1329 violated the Act on that date. (Complaint Case No. 30-CB-05352, ¶ 8) In order to avoid a Section 10(b) time bar ruling in favor of Local 1329, General Counsel must start by admitting that the millwrights’ agents had no contact with the UKS Shop from March 1, 2007 until the agents complained about the work assignment in the Shop.

Here, at all times relevant to the conduct in question, between three (3) and five (5) Millwrights worked in UKS Shop with approximately twelve (12) Laborers. This situation continued from March 1, 2007 (or before) until the present charge was filed on October 27, 2008. Joe Gallino, the Local 1329 Field Representative, was in the Shop on a regular basis. The contract status was no secret. (**Gallino Dec., Exhibit 1, pp. 2-4, ¶¶ 17, 18, 19, and 40**) The limited number of employees alone indicates that the Shop is not so large that the Millwrights did not know about the Laborers working in the same building.

In addition, the facts show that a Millwright Steward was assigned in the Shop during the entire time in question. The undisputed facts demonstrate that the Steward was aware of the fact that a majority of the Shop employees were Laborers, and were not Millwrights. Joe Gallino met with the Steward on a number of occasions. (**Gallino Dec., Exhibit 1, p. 4, ¶ 35**) The Steward’s knowledge is imputed to the Union. Goski Trucking Corp., 325 NLRB 192(1998), citing Teamsters

Local 886, 229 NLRB 832, 833 (1977), Carpenters Local 17 (A&M Wallboard), 318 NLRB 196, fn. 3 (1995), and Carpenters Local 296 (Acrom Construction), 305 NLRB 822, fn.1 (1991).

The facts here show that there has been harmony in the Shop since March 1, 2007. There are no known complaints from the Shop employees.

The decision in Amcar Division, ACF Industries v. NLRB, 596 F.2d 1344 (8<sup>th</sup> Cir. 1979), is instructive here. There, the Eighth Circuit reversed the Board's reversal of an ALJ's finding that a union had actual and constructive notice that subcontractors were being used to perform work customarily done by the union. Local 1329 cites the case here for the proposition that information known to a Steward should be imputed to the charging union. However, the case provides insight in other ways. In Amcar Division, one of the key issues is the extent to which the knowledge of a Steward should be imputed to the union in a very large shop (some 800 employees). That issue does not exist here. The Millwright Steward and every other Millwright working in the Shop knew from March of 2007, that Laborers were working in the Shop. (**Gallino Dec., Exhibit 1, p. 4, ¶ 40**) The 12-15 Millwrights and Laborers are the only persons doing Hydro and Marine Work.

The undisputed facts show that the Millwrights knew of the status of work in the UKS Shop and failed to file a charge within six (6) months of the triggering event. This bars the Complaint.

It is theoretically possible that the Millwright agent did not have actual knowledge before the Summer of 2008 of the situation that his Steward and members knew of and approved. Even if this is true, it does not save the Complaint.

A union like the Millwrights has a duty to make at least minimal efforts to monitor the facilities in which its members are performing work. If a union will undertake even the most minimal efforts, it will become aware of alleged unfair labor practices. For example, here, a single inquiry of the Shop employees or a visit would have shown that the Shop was performing a new type of work and that the work was assigned to Laborers.

Under these facts, the Millwrights were charged with constructive knowledge of the acts about which they now complain. (See Moeller Bros. Body Shop, Inc., 306 NLRB 192 (1992)).

Nor can the actions, or lack thereof, by Millwright agents be rescued by a claim that the alleged unfair labor practice continued through the maintenance of the Local 1329 Shop Agreement. It is clear that the actions of March 1, 2007 are the only ones that trigger a potential ULP charge based on the facts of this case. The Millwrights cannot rely on later events grounded solely in the execution of the Local 1329 Shop Agreement in order to toll the 10(b) period. Local Lodge No. 14 (Bryan Manufacturing) v. NLRB, 362 U.S. 411, 417, 80 S.Ct. 822, 827, (1960)(See also: Metz v. Tootsie Roll Industries, 719 F.2d 299 (7<sup>th</sup> Cir. 1983), and General Marine Trasport Corp. v. NLRB, 619 F.2d 180 (2d Cir. 1980).

**Summary Judgment is Proper in Favor of Local 1329 Where UKS and Local 1329 are Subject to a Valid Section 9(a) Agreement.**

Regardless of whether the claims contained in the Complaint fall outside the 10(b) period, Local 1329 did not violate the Act as General Counsel alleges. Local 1329 and UKS have valid Section 9(a) collective bargaining agreements which cover the unit work performed by laborers. The existence of this agreement defeats the claim of coercion as a matter of law.

The Field Agreement between UKS and Local 1329 includes a future recognition clause that provides, in part,

It is hereby agreed that the Employer shall voluntarily recognize the Union as the exclusive bargaining representative, within the meaning of Section 9(a) of the NLRA, of all employees in the unit defined in this collective bargaining agreement,...

**(Exhibit 2, p. 51)**

Article I of the Field Agreement also defines the unit, stating that the geographic jurisdiction of the agreement includes all of the counties in the Upper Peninsula of the State of Michigan.

**(Exhibit 3, p. 2)**

UKS granted Section 9(a) status to Local 1329 on or about January 1, 2006. Regardless of whether the grant was appropriate at the time, it is clear that the Board will not consider a challenge to the majority status more than six (6) months later. Casale Indus., Inc., 322 NLRB 951, 953 (1993). Therefore, it is undisputed that the Local 1329 Field Agreement is a valid Section 9(a) agreement.

The same is true for the Local 1329 Shop Agreement. The Agreement became effective on March 1, 2007. The same geographic jurisdiction applies to the Shop Agreement. The work jurisdiction includes “all work of unskilled and skilled nature.” (**Exhibit 2, p. 2**)

The Local 1329 Shop Agreement is also a Section 9(a) Agreement. As such, it could not be challenged after September 1, 2007. Of course, the charge in this matter was filed on October 27, 2008.

The Millwright Shop Agreement is very different. It contains no recognition clause, no unit description and no Section 9(a) language. The Agreement cannot under any theory or circumstance be considered a Section 9(a) collective bargaining agreement.

The Millwright Field Agreement does not bolster a Section 9(a) claim. That agreement is limited to work within the geographic jurisdiction of the union. It is undisputed that the geographic jurisdiction of the union does not include Dickinson County, where Norway is located. The only UKS Shop is in Norway.

Inexplicably, General Counsel has apparently taken the position that the Millwright Shop Agreement is a Section 9(a) Agreement. However, nothing in the Agreement establishes Section 9(a) recognition. Not surprisingly, the Millwrights never established majority status in any way. There is no potential theory supporting Section 9(a) status for the Millwright Shop Agreement. Rather, because the Local 1329 Agreements are in fact Section 9(c) Agreements, and cover the work

performed by UKS' laborers, there is no interference with any Millwright Agreement. This bars the Complaint as a matter of law.

### **Conclusion**

For these reasons, Local 1329 moves the Board to grant summary judgment in favor of Local 1329 and dismiss General Counsel's Complaint. Local 1329 further requests the Board to postpone the hearing scheduled for March 11, 2009 while this Motion is under advisement.

**DECLARATION OF JOSEPH L. GALLINO**

---

I, Joseph L. Gallino, being first sworn on oath, do hereby declare under penalty of perjury that the following is true and correct:

1. I have been employed by Construction and General Laborers' Union, Local 1329 ("Laborers") since February 1, 1999.
2. Before that, I was employed for two years by the Laborers' International Union of North America ("LIUNA") as an Organizer.
3. For the time period involved in this dispute, including in part January 1, 2006 to the present, my job title has been: Secretary-Treasurer and Field Representative for Local 1329.
4. Local 1329 represents the Laborers employed by United Kiser Services, LLC ("UKS") and I am the person primarily responsible for union contact with the employees.
5. I understand that UKS is a successor to companies such as United Construction, Inc. and Kiser-Johnson. I will sometimes reference UKS generally in this Declaration in a manner meant to include UKS and its predecessors.

**EXHIBIT 1**

6. UKS and its predecessors have been parties to the Local 1329 area agreement since some date occurring before I started working as a union officer and employee.

7. Prior to March 1, 2007, Local 1329 did not have a shop agreement with UKS or its predecessors.

8. Prior to March 1, 2007, Laborers worked in the shop on a regular basis performing occasional tasks related to their work in the field. This work goes back to at least 1995.

9. I understand that, for the time period well before March 1, 2007, all non-Millwright work performed in Shop was done under the Laborers' area agreement.

10. This work included electrical work such as the work performed by Keith Kirshner.

11. I do not believe that any Laborers worked full time in the UKS shop before 2007.

12. Shop work by Laborers occurring before March 1, 2007 was performed under the Local 1329 area agreement.

13. I understand that, as of the summer of 2006, the only work performed full time in the Shop was repair of hydroelectric equipment to be installed by field crews at various job sites in Wisconsin and elsewhere.

14. I have observed the type of work that was performed in the Shop before Laborers began to work there full time.

15. The type of work included work by millwrights who performed hydroelectric repair work using a variety of tools and machinery, including in part large boring bars and large lathes.

16. The Field Crews used by UKS included employees represented by the Millwright Union, Laborers Union, Bricklayers Union, Iron Workers Union, and occasionally other trades.

17. For the entire time during which I have worked for Local 1329, I have provided service and representation to the Laborers employed by UKS and its predecessors.

18. This representation includes, in part, meeting with members, visiting job sites and the Shop, discussing working conditions, considering complaints regarding such conditions,

attending regularly scheduled union membership meetings, and discussing with Laborers other relevant issues.

19. For the entire time I have worked for Local 1329, I have met with UKS employees on a regular basis.

20. United Kiser and Local 1329 are parties to a multi-employer field agreement effective from May 1, 2005 through April 30, 2010. (Exhibit 2)

21. I understand that, in 2006 or early 2007, UKS obtained production subcontracts with Marinette Marine Company for the production of marine products.

22. Based on my observation, in order to perform this work, UKS established a production workforce that included Laborers and persons performing other work, including electricians, welders, sand blasters, painters, tool crib controllers and CNC programmers.

23. Sometime in late 2006 or early 2007, I met with Joe Spinnato and Marty Cowie of UKS for the purpose of discussing a possible Shop Agreement for the new production work.

24. As I came to understand the work that Laborers would perform in the Shop, I considered whether to request an Addendum to the area agreement or a separate Shop Agreement.

25. I eventually sought a separate shop Agreement because UKS planned to employ Laborers in the Shop on a full time basis. If the Shop work would have been only part of the overall work performed by these Laborers, I would have suggested an Addendum to the area agreement.

26. At the time that the Laborers' Shop Agreement was negotiated, I understood the difference in the work that would be performed by Laborers and Millwrights.

27. The hydroelectric work that is performed by Millwrights includes work that Laborers are not trained to do.

28. The separate production work that UKS performs is done by Laborers, who are fully trained to perform such work.

29. There is a clear distinction between the production performed by Laborers and the hydroelectric work performed by Millwrights.

30. Throughout the time I have represented the Laborers employed by UKS, I have been aware that a Millwright Steward was assigned in the Shop.

31. I understand that the Shop workforce, as of this date, includes four (4) millwrights primarily engaged in the hydroelectric repair line of business and twelve (12) production employees primarily engaged in the marine products line of business.

32. I understand that UKS and the Millwright Union were parties to a multi-employer field agreement effective from May 26, 2002 through May 31, 2008, and that the agreement has been renewed. (Exhibit 4)

33. I now know that United Kiser and the Millwright Union were parties to a Shop Agreement effective from January 1, 2006 through May 31, 2008, which Agreement has not been renewed. (Exhibit 5)

34. Local 1329 has not been certified by the National Labor Relations Board as collective bargaining representative for any unit of United Kiser Shop Employees and I understand that the Millwrights Union has not been certified either.

35. I have met and talked with the Millwright Steward on a number of occasions.

36. The Steward has never objected to the presence of Laborers in the Shop.

37. Effective March 1, 2007, we agreed upon the terms of a Shop Agreement with UKS.

38. This Shop Agreement covers the 12 production employees who work in the Shop.

39. The Shop Agreement was never intended to cover the Millwrights working in the Shop.

40. All of the Millwrights working in the Shop have known that Laborers have been performing work in the Shop under the Shop Agreement since March 1, 2007.

41. Laborers are not required to be OSHA 16 certified in order to work under the Local 1329 Shop Agreement.

42. Laborers are not required to be certified or qualified to perform non-destructive testing in order to work under the Local 1329 Shop Agreement.

43. When the Laborers' Shop Agreement was negotiated with UKS, the primary issue that was bargained was wages. The balance of the Shop Agreement is what I would call boilerplate.

44. I never intended that Laborers would perform the Millwrights Shop work when I negotiated the Laborers' Shop Agreement.

Dated this 10 day of February, 2009.

- 2) The Trust Agreement for the Michigan Laborers' Pension Fund, dated October 1, 1966;
- 3) The Trust Agreement for the Michigan Laborers' Training and Apprenticeship Fund, dated September 1, 1971;
- 4) The Trust Agreement for the Michigan Laborers' Health Care Fund, dated May 1, 1973.

Contributions to the above-referenced Fringe Benefit Funds shall be paid by the 15th day of the month following the month the Employee worked. The Employer and the Union agree that the damages which result from the failure of the Employer to pay the fringe benefit contributions on time, or in correct amounts, are difficult to calculate with any certainty, and therefore, any Employer who fails to make timely payments to the various fringe benefit funds provided for in this Agreement, shall pay, as liquidated damages, in addition to the contribution amounts owed, the following amounts:

- 1) If contributions are paid after the due date, but before a delinquency of thirty (30) days, the Employer shall pay an additional five percent (5%) of the amount of contributions owed.

contributions owed.

3) If contributions are paid after sixty (60) days of delinquency, in addition to the ten percent (10%) referred to in paragraph 2 herein, the Employer shall pay one percent (1%) of the amount of contributions owed for each month or part thereof of his delinquency beyond sixty (60) days.

The Employer also agrees that if, as a result of an audit ordered by the Trustees of one of the Fringe Benefit Funds, he is found to have been substantially inaccurate in reporting, or late in remitting contributions due, he may be charged the cost of conducting such audit at the discretion of the Trustees involved.

Finally, the Employer agrees that if, as a result of the Employer's failure to pay fringe benefit contributions and liquidated damages as required by this Agreement, the Fund Trustees institute legal proceedings, the Employers shall be responsible for all costs, including actual attorney fees, incurred by the Funds as a result of such litigation.

It is expressly understood that nothing contained in this Agreement shall deny the Trustees of any Fund the right to assess liquidated damages and pursue whatever legal remedies are available, including, but not limited to, both contractual and statutory state and federal remedies, to collect delinquent contributions and liquidated damages or otherwise enforce their rules, regulations and Trust Agreement provisions. The pursuit of such legal remedies by the Trustees shall not render

any other provisions of this Agreement inoperative.

## ARTICLE VII FRINGE BENEFIT PAYMENTS

**Section 1. Fringe Benefits.** The following Trust Agreements, which established the following Trust Funds, together with any later Agreements signed by the Trustees of the respective Funds, shall become a part of this Agreement by reference:

- 1) The Trust Agreement for the Michigan Laborers' Vacation Fund, dated October 1, 1968;
- 2) The Trust Agreement for the Michigan Laborers' Pension Fund, dated October 1, 1966;
- 3) The Trust Agreement for the Michigan Laborers' Health Care Fund, dated May 1, 1973

The Employer specifically agrees to be bound by the Trust Agreements establishing the above Trust Funds and any amendments, rules, regulations or other requirements relating to the Funds adopted by the Trustees of each respective Fund.

Contributions to the above-referenced Fringe Benefits Funds shall be paid by the 15th day of the month following the month the Employee worked. The Employer and the Union agree that the damages which result from failure of the Employer to pay the fringe benefit contributions on time, or in correct amounts, are difficult to calculate with any certainty, and therefore, any Employer who fails to make timely payments to the various fringe benefit funds provided for in this Agreement, shall pay, as liquidated damages, in addition to the contribution amounts owed, the following amounts:

- 1) If contributions are paid after the due date, but before a delinquency of thirty (30) days, the Employer shall pay an additional five percent (5%) of the amount of contributions owed.
- 2) If contributions are paid after thirty (30) days of delinquency, but before sixty (60) days of delinquency, the Employer shall pay an additional ten percent (10%) of the amount of contributions owed.
- 3) If contributions are paid after sixty (60) days of delinquency, in addition to the ten percent (10%) referred to in paragraph 2 herein, the Employer shall pay one percent (1%) of the amount of contributions owed for each month or part thereof of his delinquency beyond sixty (60) days.

The Employer also agrees that if, as a result of an audit ordered by the Trustees of one of the Fringe Benefit Funds, he is found to have been substantially inaccurate in reporting, or late in remitting contributions due, he may be charged the cost of conducting such audit at the discretion of the Trustee involved.

Finally, the Employer agrees that if, as a result of the Employer's failure to pay fringe benefit contributions and liquidated damages as required by this Agreement, the Fund Trustees institute legal proceedings, the Employers shall be responsible for all costs, including actual attorney fees, incurred by the Funds as a result of such litigation.

It is expressly understood that nothing contained in this Agreement shall deny the Trustees of any Fund the right to assess liquidated damages and pursue whatever legal remedies are available, including, but not limited to, both contractual and statutory state and federal remedies, to collect delinquent contributions and liquidated damages or otherwise enforce their rules, regulations and Trust Agreement provisions. The pursuit of such legal remedies by the Trustees shall not render any other provisions of this Agreement inoperative.

**A. Health Care Fund.** The Employer agrees to pay into the Michigan Laborers' Health Care Fund. The amount of contribution shall be at the rate specified in Article VII on actual hours worked without regard to whether the employee was working on straight time or overtime and shall be paid on all employees working under this Agreement whether they are probationary, non-union members, temporary, seasonal or casual employees. These contributions shall be determined by the Trustees of the Michigan Laborers' Health Care Fund to such depository as designated by said Trustees.

**B. Pension Fund.** The Employer agrees to pay into the Michigan Laborers' Pension Fund. All pension contributions shall be at the rate specified in Article VII on actual hours worked without regard to whether the employee was working on straight time or overtime. These contributions shall be made on each and every employee whether they are probationary, non-union member, temporary, seasonal or casual. These contributions shall be deposited each month as determined by the Trustees.

**C. Vacation Fund.** (a) The Employer agrees to pay into the Michigan Laborers' Vacation Fund. **Section 3. Non Compliance.** In order to assure compliance by all Employers in making the contributions required by this Article, the Union and the Association will request from the Administrator of the Trust Funds each month a list of Employers who are delinquent in making the required payments. This will be made available to signatory Employers and to representatives of the Union as one of the ways to encourage compliance with the obligations of this Article.

## **ARTICLE VIII PAYDAY**

It is hereby agreed that the wages shall be paid weekly in currency or by check on the job during regular working hours. ## PREAMBLE

This Agreement is made and entered into this 26th day of May, 2002 by and between the Associated General Contractors of Wisconsin, Inc., herein called the "Association" for and on behalf of those persons, firms or corporations who have submitted written authorization to the Association to negotiate and conclude a Labor Agreement, herein called the "Contractor" or "Employer", and the Northern Wisconsin Regional Council of Carpenters, with geographic jurisdiction as set forth in Exhibit A, herein called "Union" or "Unions".

**NEGOTIATING AGENT LIABILITIES:** It is understood and agreed that the Northern Wisconsin Regional Council of Carpenters and Associated General Contractors of Wisconsin, Inc., are parties to this Agreement only as negotiating agents and shall not be held liable in any way for any violation of its terms by any Contractor, Regional Council, or its affiliated Local Unions.

## ARTICLE I DURATION OF AGREEMENT

**Section 1.1** This Agreement shall become effective May 26, 2002 and shall continue in force until midnight May 31, 2008, and shall automatically continue in effect from year to year thereafter unless either party gives ninety (90) days written notice to the other prior to the expiration date, of their desire to open or terminate the Agreement for modifications, whereupon it shall continue past the initial period of the contract from day to day until either party gives five (5) days written notice to the other of its termination.

**Section 1.2** The Union has claimed and the Employer is satisfied and acknowledges that the Union represents a majority of the Employer's employees in the bargaining unit covered by this Labor Agreement. The Employer hereby recognizes the Union as the exclusive bargaining agent under Section 9(a) of the National Labor Relations Act for all employees who perform work within such collective bargaining unit for all present and future job sites within the geographical jurisdiction covered by this Agreement.

**Section 1.3** It is further agreed that any part of the wage rate may be allocated to increase contributions to the Health, Pension, or Apprenticeship and Training Funds, or to increase Working Dues Deduction or Vacation Fund Deductions, provided, however, that any such increase shall be subject to the mutual agreement by and between the negotiating agents.

## ARTICLE II UNION SECURITY

**Section 2.1 Membership.** The Employer agrees to require, during the life of this Agreement, membership in the Union, as a condition of continued employment of all employees covered by this Agreement, within eight (8) days following the effective date of this Agreement, or within eight (8) days following the commencement of such employment, whichever is later; provided, however, that such membership in the Union is available to such employees on the same terms and conditions generally applicable to other members and that such membership is not denied or terminated for reason other than a failure by the affected employee to tender the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership.

**Section 2.2** The Contractor agrees to recognize voluntary and properly signed authorization cards of its employees requesting the Contractor to make deductions from wages for the amount of any delinquent dues, initiation fees, or working dues deduction; such amounts to be sent to the Northern Wisconsin Regional Council of Carpenters.

**Section 2.3 Working Dues Deduction.** Upon the Union's receipt of an employee's written authorization, which shall be irrevocable for not more than one (1) year or the term of this Agreement, whichever occurs sooner, the Employer shall deduct from the employee's wages, working dues deduction in the amount per hour certified to the Employer by the Union as representative of that required of all members to maintain membership in the Union, and remit the same in an amount as specified under Article VII, Section 7.1 (Wage Rates) to the Wisconsin Carpenters Central Depository as specified under Article IX (Central Depositories) on a remittance form showing the names and amounts from whom the deductions were made in the amount required for the particular area where the work is performed. Such form shall also show the various Fund contributions made by the Employer pursuant to this Agreement. Upon the Employer request, the Union shall furnish the Employer with a copy of the employees written authorization. Failure of the Union to submit such authorization shall relieve the Employer of the obligation to deduct the Working Dues Deduction. Such written authorization by an employee may be revoked by the employee during a ten (10) day period prior to the anniversary or termination date of this Agreement, whichever occurs first. In the absence of such revocation, sent and received in accordance with the foregoing, the authorization shall be renewed for additional yearly periods during the term of this Agreement. The employee's written authorization shall require that the employee acknowledge that employment in the construction industry may cause the employee to be employed by several different Employers signatory to this

Collective Bargaining Agreement and that the authorization will extend to all Employers for whom the employee may perform work under the terms and provisions of the Collective Bargaining Agreement in force and effect as of the time of employment. It shall be the Union's obligation to provide each Employer with a copy of each employee's current written authorization upon the establishment or re-establishment of an employment relationship.

**Section 2.4** The working dues and assessments required of each employee shall be established annually by the Northern Wisconsin Regional Council of Carpenters in accordance with its By-laws.

## ARTICLE III OTHER AGREEMENTS

**Section 3.1 Residential Working Agreement.** The Employers recognize the Union as the sole and exclusive bargaining agent for all carpenters and apprentices for all carpenter work as defined by the Union's Residential Working Agreement and are automatically bound by the provisions therein when performing residential work within the "Normal Construction Labor Market" of this Agreement (See Exhibit A). The Union shall furnish a copy of the Residential Working Agreement to all Employers.

**Section 3.2 Pre-Engineered Metal Building Agreement.** The Union shall make available a Pre-Engineered Metal Building Agreement to any Contractor signing this Agreement and desiring to enter into a Pre-Engineered Metal Building Agreement.

**Section 3.3 Other Agreements.** The Union shall notify and provide copies of all contracts and/or addenda to the Association to which the Union is signatory.

**Section 3.4** The Union recognizes the Associated General Contractors of Wisconsin, Inc. as the bargaining unit for all Employers who have so authorized the Association for all work covered hereunder. The Association agrees to furnish to the Union lists of such Employers prior to May 26, 2002 and upon request thereafter. Upon such authorization any Employer shall become a member of the multi-employer bargaining unit here involved and thereby a party to this Master Agreement. Individual Employers who have not so authorized the Association shall, by becoming party to this Master Agreement, also become part of said multi-employer bargaining unit, and said individual Employer authorizes the Associated General Contractors of Wisconsin, Inc., to negotiate successor Master Agreements on its behalf and said individual Employer specifically adopts all provisions of any successor Master Agreement

entered into between the Associated General Contractors of Wisconsin, Inc. and the Union. Withdrawal from the multi-employer bargaining unit may be accomplished only by written notice to the Union and to the Association, at least ninety (90) days, but no more than one hundred twenty (120) days prior to date of expiration of this Agreement or of any renewal period hereof. Notice to the Association, wherever is required herein, shall constitute notice to each and all members of the multi-employer bargaining unit.

#### ARTICLE IV UNION REFERRAL

- (a) The Employer shall notify the Union of opportunities for employment;
- (b) The Employer shall give the Union the opportunity to refer qualified applicants for employment; and

- (d) If the Union fails to furnish journeypersons and apprentices as required, the Employer may draw from whatever sources are available to meet the requirements at the time.
- (e) Contractors have freedom of movement of employees covered by this Agreement throughout the geographical area of this Agreement.
- (f) A Contractor from outside of the jurisdictional area of this Agreement will be allowed to bring in one (1) foreman and one (1) key bargaining unit employee, provided, however, the Contractor has signed this Agreement with the Northern Wisconsin Regional Council of Carpenters, and further provided, that the Contractor hires at a fifty to fifty (50 - 50) ratio bargaining unit employees who are residents of the Northern Wisconsin Regional Council of Carpenters geographical area.

**Section 4.2 Equal Employment.** The Association, Contractors, Employers, and the Unions agree that no party shall discriminate against any individual on the basis of age, race, creed, color, handicap, marital status, sex, national origin, ancestry, arrest record, conviction record, or membership in the National Guard, State Defense Force, or any Reserve component of the Military Forces of the United States or this State, except as limited by Wisconsin Statutes Sections 111.33 to 111.36 (1993-1994).

**Section 4.3 Drug/Alcohol Testing.** The parties recognize the problems created by drug and alcohol abuse and the need to develop prevention and treatment programs. All companies signatory to this Agreement and the signatory Unions have a commitment to protect people and property, and to provide a safe working environment. The purpose of the program is to establish and maintain a drug free, alcohol free, safe, healthy work environment for all employees. Exhibit C of this Agreement, which is made part of this Section, details the program to which all companies and Union's signatory to this Agreement endorse.

The program detailed in Exhibit C shall remain in effect until such time as the Standardized Drug Testing Program proposed by the Associated General Contractors of Wisconsin, Inc. and the Northern Wisconsin Regional Council of Carpenters is fully implemented. The Employers hereby agree to pre-fund the costs of the testing pursuant to the Standardized Drug Testing Program through a cents-per-hour contribution, as determined by the Drug Testing Committee and the Trustees of the Wisconsin Carpenters Health Fund, and to pay the sum established for such program in Article VII.

#### ARTICLE V GRIEVANCES AND ARBITRATION

**Section 5.1** All grievances, disputes, or complaints arising under this Agreement must be filed within ten (10) working days of the incident giving rise to the grievance and shall first be submitted to an authorized representative of the Northern Wisconsin Regional Council of Carpenters who in turn shall immediately present the same to the representative of the Employer. The parties shall attempt to dispose of the grievance, dispute, or complaint within forty-eight (48) hours. If the matter is not disposed of within the applicable period of time, the same shall be referred to the Wisconsin Employment Relations Commission with a request that it immediately appoint an arbitrator.

**Section 5.2** Written notice by registered return receipt letter of a demand for arbitration shall be given to the Contractor and the Association, or as applicable to the Northern Wisconsin Regional Council of Carpenters.

**Section 5.3** It is understood that there shall be no stoppage of work during the period of arbitration and that the decision of the arbitrators shall be final and binding upon both parties, each party to bear one-half (1/2) of the expenses of such arbitrators.

**Section 5.4** In the event the arbitrator finds a violation of the Agreement, he shall have the authority to award back pay not to exceed twenty (20) days to

aggrieved person or persons in addition to whatever other or further remedy may be appropriate.

**Section 5.5** The Trustees of the Wisconsin Carpenters Health Fund, the Trustees of the Wisconsin Carpenters Pension Fund, as well as the Trustees of the Vacation Fund, and of the Northern Wisconsin Regional Council of Carpenters Training Fund, may for the purpose of collecting any payments required to be made to such Trust Funds under this Agreement, including damages and costs, and for the purpose of enforcing rules of the Trustees concerning the inspection and audit of payroll records, seek any appropriate relief and they shall not be required to invoke or resort to the grievance or arbitration procedure otherwise provided for in this Agreement.

**Section 6.1** Every Employer regardless of the number of persons employed, shall obtain coverage under the Worker's and Unemployment Compensation Acts of the State of Wisconsin. The Association, in cooperation with the Union, shall employ its best efforts to provide the Union with identification numbers which are assigned by the appropriate State Agency evidencing coverage under such Acts for all Employers signatory to the Association's Letter of Assent. It shall be the Union's responsibility to obtain whatever evidence it may require concerning the current coverage under such Acts of an Employer which is not signatory to the Association's Letter of Assent. The Union, in its representative capacity, or any employee, denied Worker's or Unemployment Compensation benefits as a result of an Employer's failure to obtain and maintain in force and effect Worker's or Unemployment coverage, shall have the right to maintain an action for damages against such Employer. The costs of collection, including a reasonable attorney's fee, shall be recoverable as damages, in addition to the actual damages resulting from the violation of this Section. The remedies provided in this Section shall be in addition to any other remedies provided elsewhere in this Agreement or under applicable State and Federal laws. Nothing in this Section shall be construed to make the Association liable for any obligation assumed by the Association or for the failure of any Employer represented by it, or of any other Employer covered by this Agreement, to comply with this Section and none of the rights and privileges granted by this Section to the Union, or to any employee, shall be enforceable against the Association.

The Employer will not challenge any employee's Unemployment Compensation claim for refusing to work at any hourly rate of pay lower than the hourly rate of pay he was receiving.

**Section 14.2 Dual Assignment.** It is the Employer's obligation to assign the work described in this Agreement, or the Exhibit B attached hereto, to the members of the bargaining unit. For a claim of improper assignment to merit consideration of pay for members of the claiming craft, the claim of improper assignment must be made within seven (7) days after commencement of the claimed item of work. In such cases, the Employer will continue with his original assignment until the two (2) Business Agents of the claiming Unions or the International Representatives of the claiming Unions resolve the jurisdictional dispute. The Employer will not be liable for any back wages if, upon written notification of the decision of the Business Agent or the International Representative, he makes the assignment in accordance with their decision. Back wages, if assessed for non-compliance with the final decision of the Business Agents and/or International Representatives, shall begin from the date of receipt of written notice.

### Section 14.3 Jurisdictional Disputes.

In the event that any of the provisions of this Agreement are held or constituted to be void, or be in violation of any such laws, nevertheless the remainder of the Agreement shall remain in full force and effect, unless the parts or provisions so found to be void or in violation of any such laws are wholly inseparable from the remaining portion of this Agreement. In the event that any of the provisions of this Agreement are held or constituted to be void, or to be in violation of any such laws, then the contract shall be reopened for the purpose of renegotiating the subject matter covered by such provisions, but only for such purposes.

discipline up to and including suspension and be required to undergo a drug test. Those circumstances, both physical and psychological, deemed to be pertinent will be given consideration. Reasonable suspicion is a belief based on behavior observations, or other evidence, sufficient to lead a prudent or reasonable person to suspect that an employee is impaired by a controlled substance, (slurred speech, inappropriate behavior, decreased motor skills, etc).

(b) A Contractor may also require testing where an employee caused a work-related accident or where an employee was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident which resulted in a significant recordable injury as defined by OSHA regulations or significant damage to property and for which the cause of the accident is not readily explainable.

(c) Any employee who reports to work and whose supervisor has reasonable suspicion to believe that the employee is impaired by alcohol will be required to undergo a test for blood alcohol content. If the test is positive, the employee shall be subject to discipline up to and including suspension. Those circumstances, both physical and psychological, deemed to be pertinent will be given consideration. "Reasonable suspicion" is defined for purposes of this sub-section as in sub-section 1(a) above.

2. Whenever possible, before an employee is required to submit to testing under this policy, the employee should be observed by more than one individual.

3. (a) All positive tests for controlled substances will be confirmed with a second reliable testing method. Initial testing will be of the immunoassay type, with all confirmation testing being by gas chromatography/mass spectrometry. The testing lab will be certified for Federal Workplace Drug Testing Programs. Chemicals to be tested for are marijuana, cocaine, opiate, phenylidine, and amphetamines. Limits for each of the substances will be according to the appropriate Federal, State, and DOT regulations as they are updated periodically.

(b) The Employer and the Union will select by mutual agreement a reputable laboratory to perform actual testing. The testing agency must be certified by the State or Federal government health authorities as a medical laboratory and must meet the

regional requirements for forensic standards; testing must be performed by a certified toxicologist on equipment exclusively dedicated to testing. An unbroken chain of custody of the specimen from the time it is taken from the employee up through the time the laboratory tests the specimen shall be preserved; tamper-proof, sample-handling methods must be observed; and the laboratory must follow the test manufacturer's instructions in both administration of the test and the reporting of results as "positive" or "negative".

(c) Upon notification of a positive drug screen, the employee will be informed of his/her right to have the same sample (or, if applicable, spit sample) re-tested at another certified laboratory at his or her expense. The employee will have seventy-two (72) hours from the time of notification to exercise this option. If the results are negative, the Employer will reimburse the employee for the cost of the test and will make the employee whole for any lost work time or other imposed consequences the initial positive result. If the test result is positive, at any detectable level of drug or drug metabolite, the consequences of the initial test will prevail. The additional test performed at the employee's request will be admissible under the grievance and arbitration procedures in this contract, however, if and only if the methodology employed is substantially identical and equivalent to the methodology authorized in this article.

(d) Testing for blood-alcohol content will be by blood analysis or breathalyzer. A positive test result for alcohol will be reflected by a blood-alcohol content equal to or greater than current Wisconsin State Motor Vehicle regulation.

4. In the event the test indicates a negative result, the employee shall be immediately reinstated and paid any wages and benefits that would have been paid had his work hours not been interrupted by the test. This is considered full reinstatement.

5. In the event of a positive confirmatory test for a controlled substance or a positive test for blood-alcohol content, the employee will be referred to participate in the Employee Assistance Program of the Wisconsin Carpenters' Health Fund. Strict adherence to the guidelines and recommendations medically recommended from that program will, for a first violation, avoid severe discipline or termination except where the employee was impaired at the time he was involved in an accident involving a serious injury, or substantial

damage to property, or where the employee was involved in theft and conviction of property from the Contractor or a Contractor's customer.

6. If an employee who tested positive for substance abuse enters any required recommended aftercare program, a negative test within thirty (30) days will make the employee eligible for immediate reinstatement provided the Employer has work available and the employee continues and successfully completes the required or recommended aftercare program.

7. If an employee refuses to be tested for substance abuse, he will remain on the suspension for a maximum of thirty (30) days. A negative test in this thirty (30) days will make the employee eligible for reinstatement providing he or she continues and successfully completes any required or recommended aftercare program. Continued refusal to submit to drug screening after the thirty (30) day period, if recommended by an E.A.P. counselor, will subject the employee to severe disciplinary action up to and including termination.

### III COUNSELING OR TREATMENT

A. Associated General Contractors of Wisconsin, Inc. and the Union shall develop and maintain a list of appropriate alcohol and drug abuse treatment centers, counseling centers, and/or medical assistance centers.

B. If the employee is qualified and eligible, a portion of the expenses the employee incurs in consultation and treatment under this program shall be borne by the applicable fringe benefit fund referred to in the Agreement pursuant to and to the extent provided in schedules, terms, and requirements as the Trustees of said Fund shall prepare and have available schedules of benefits or reimbursements available to employees participating in such programs.

C. If an employee participating in the treatment program prescribed does not comply with the recommendations, advice or schedules established by the counselor or counseling agency, the counselor or counseling agency shall immediately advise the Contractor and the Union. The foregoing section shall not apply to an employee who voluntarily seeks assistance pursuant to paragraph IV "Rehabilitation".

D. Prior to the test, the applicant or employee must be given an opportunity to sign a consent and release form authorizing and agreeing to the test. The consent and release are to be in the form of Exhibits I and II to this policy. The drug test will consist of a urinalysis drug screen and, if a drug screen is positive, a follow-up

confirmatory test as per Post-Employment Test Item 3. These tests shall be at the Contractor's expense.

E. The parties recognize that drug testing may reveal information concerning individual employees of a highly personal and private nature unrelated to the employment of the employee or any other legitimate concern of outside parties; therefore, to protect the employee's rights any test results shall be disclosed only to the employer, employee, authorized union agent, or the testing lab.

F. Within three (3) working days of notification by certified letter or hand delivered with receipt of a positive test result, an employee may request that the laboratory re-test the original sample at his expense. If the re-test is negative, the Contractor shall reimburse the employee for the cost of the re-test.

#### IV REHABILITATION

Any employee who feels that he or she has developed an addiction or dependence to alcohol or drugs is encouraged to seek assistance. Requests for assistance will be handled in strict confidence through the E.A.P.

#### V MISCELLANEOUS PROVISIONS

A. Contracting agencies may require certain Contractors to establish and maintain written drug awareness programs with certain minimum provisions. In the event that a Contractor becomes obligated to comply with such a program, the Contractor may do so only pursuant to the terms herein.

B. An appropriate notice to employees concerning the existence of this program, the treatment, and counseling available as well as the penalties described above shall be communicated to employees under the Agreement.

C. Neither the Associated General Contractors of Wisconsin, Inc., nor the Union shall be liable for any activities or conduct engaged in pursuant to this program.

#### VI CONCLUSION
